1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of Meridian Health Plan of Michigan, Inc. (the "Company"), domiciled in the state of Michigan, are presented on the basis of accounting practices prescribed or permitted by the Michigan Department of Insurance and Financial Services (the "Department").

The Department recognizes only statutory accounting practices prescribed or permitted by the state of Michigan for determining and reporting the financial condition, results of operations, and cash flows of an insurance company for determining its solvency under Michigan insurance law. The National Association of Insurance Commissioners' ("NAIC") Accounting Practices and Procedures manual, ("NAIC SAP") has been adopted as a component of prescribed or permitted practices by the state of Michigan.

The State of Michigan has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, the State of Michigan prior to March 31, 2019 reporting period, required the transfer payment program for the Specialty Network Access Fee ("SNAF"), to be recorded as premium income, and the resulting payments to providers to be treated as hospital/medical benefits. In NAIC SAP this type of pass-through arrangement is reported as uninsured plans. This state prescribed accounting practice resulted in no differences from NAIC SAP net income or capital and surplus. The Company has been directed by the Michigan Department of Insurance and Financial Services to change the method of accounting for SNAF, as uninsured plans in accordance with SSAP 47, beginning with the March 31, 2019 reporting period.

A reconciliation of the Company's net income (loss) and capital and surplus between NAIC SAP and practices prescribed and permitted by the Department is shown below:
